Welcome To
BEAVER NATION

GET TO KNOW US

We are excited to have you join us at Oregon State! Your health fee, paid with tuition each term, gives you access to our services. Familiarize yourself with the university’s requirements below, and call us if you have any questions.

**Required immunizations**
New students must fulfill immunization requirements and submit supporting documentation plus a health history. Learn more at studenthealth.oregonstate.edu/new or call 541-737-7573.

**Required online programs**
In the spirit of OSU’s commitment to student health, safety and academic success, new students must complete online programs which contribute to a safe campus and which cover topics such as the impact of alcohol on academic success, issues of sexual assault, harrassment, and more. See studenthealth.oregonstate.edu/required-online-programs for further information.

**Secure patient portal**
Visit myhealth.oregonstate.edu to submit your health and immunization forms electronically. This portal also allows confidential communication with providers at Student Health.
